Workshop on Research Methodology

Unveiling Excellence

Organized by

**Department of Rural Development
UNIVERSITY OF SCIENCE & TECHNOLOGY
MEGHALAYA**

Venue

University of Science and Technology, Meghalaya

Date : 9th October, 2020

About the University

The University of Science and Technology, Meghalaya (or simply USTM) is an autonomous university in India located at Ri-Bhoi, in the state Meghalaya. It is the first State Private University on Science and Technology in the entire Northeast India. The University is established through the University of Science and Technology, Meghalaya Act, 2008 of the Government of Meghalaya. This University is a project of Education Research & Development Foundation (ERDF), the largest educational network in the North Eastern region of India. The University of Science and Technology, Meghalaya (USTM) has been established under the provisions of University of Science and Technology, Meghalaya Act (No.6 of 2008) enacted by the Legislative Assembly of Meghalaya and notified vide Gazette Notification No. LL(B)87/2008/21, dated 02.12.2008 of Government of Meghalaya. The University is empowered by University Grants Commission (UGC), to award degrees as specified by the UGC under section 22 of the UGC Act, 1956.

About the Department

The Department of Rural Development was started in 2012 for M A in Rural Development. Being multidisciplinary in nature, the department undertakes both teaching and research in the areas concerning rural development, agriculture, indigenous technology, extension education and gender issues. To satisfy the ongoing demand, the department provides both theoretical and practical exposure to MRD students in various areas relating to the multidisciplinary courses within the timeframe of 4 semesters. The department is also actively engaged in the research activities pertaining to different issue in rural and social development, micro finance & rural credit, documentation of indigenous knowledge of North East tribes, Local self Government and Agriculture Extension.

VISION: To compete globally in making USTM as one of the best destinations of teaching learning community by 2030 through quality education and research.
