Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

<p>2. Measures taken to complete the syllabus of courses and programs.</p>	<p>University of Science & Technology Meghalaya, since its inception in 2011, has now evolved and expanded, keeping pace with the ever changing academic needs, imbibing the different parameters of quality education, vitally ensuring students are ready and well equipped to grasp opportunities coming their way. USTM has been very responsive about the student progression and career growth and thus maintaining timelines is the essence of every activity we do and specially so if that pertains to the growth & developments of the students.</p> <p>Beginning of every academic session, we plan our Academic Calendar which is finalised and circulated in advance to every member of the University. The newly admitted students undergo induction and orientation and their expectations are aligned accordingly. Departments conduct their classes and follow the time table strictly. Continuous monitoring of classes as per timetable and completion of syllabus on a regular basis help the learners. Tutorial classes are conducted to support the slow and advance learners to cope up with the syllabus.</p> <p>During the Covid-19 pandemic, university had shifted to the online mode of pedagogy to ensure that our students do not lose valuable time and complete the syllabus as per lesson plan. Students have immensely benefited from the blended mode of pedagogy and they have appreciated the proactive initiatives of online classes by the university. Online teaching-learning was conducted using LMS/ Webex / Google Classroom, etc. by faculty members who were trained accordingly. Student online attendance was an issue sometimes due to network availability and quality issues, wherein the university LMS was able to bridge the gap and provide the enhanced learning content to our students. The practical classes were conducted in physical mode strictly maintaining the government protocols and guidelines.</p> <p>USTM library takes pride in its educational facilities like the well-resourced Central Library besides the departmental libraries catering to all subjects to facilitate students and research scholars. The digitization and online library content availability has also helped the students to prepare their study materials while the campus was closed during pandemic period.</p> <p>University has a strong feedback system from different stakeholders to ensure their suggestions are addressed. Feedback is obtained from students as well as from faculty members regarding the syllabus completion and evaluated to come up with measures to ensure timely completion.</p> <p>Continuous sessional tests were conducted on-line for the students to stay aligned. Remedial Classes were taken to clear doubts. Online examinations were conducted to maintain timelines of academic calendar. Work from home was practised by our staff and faculty to ensure adherence to the academic calendar and timely declaration of results.</p> <p>Conscious efforts have been made to ensure the best of facility is made available to its students and enable them to compete with students of any other best of the educational institutions and no compromise is made in their learning process. The timely examinations conducted has helped us to ensure our students pass out on time and the desirous placement is not missed out on their academic and career progressions.</p>
